Descriptions of Treatment Options:

Individual Music Therapy - 1:1 Music Therapy with a Board Certified Music Therapist (MT-BC) to address goals and objectives specific to the client's needs.

Gait Training/Treadmill - Intensive Gait and Cardio Training on Biodex Gait Training System with individually personalized SYNC'd music programs. All levels and ages.

Group Music Therapy -

1) Small process music therapy group for adults (2-5 members) supporting those with emotional needs, led by a Board Certified Music Therapist.

2) Pediatric music therapy group (2-5 members) for children with developmental disabilities, led by a Board Certified Music Therapist

Team I AM/I CAN - Walking/jogging/running group for those of any ability level living with a motor movement disorder. This is a group of people who want to participate in local races as a team and receive the training and encouragement to reach goals, gain greater endurance and mentally challenge yourself to reach your potential beyond a disability - Because as a team, we can!

Rock-N-Roll Music Therapy - Small group/band format where clients work as a creative team toward the exciting opportunity of making music with others and having fun. Workshop focuses on interpersonal skills, expressive communication, risk taking, compromise/flexibility, cognitive skills, and self-esteem.

Research Study - Clinical research, trials and studies involving treatment, technologies and music for those with a motor movement diagnosis.
